QUENCH MOVE TO REBUILD SYSTEM OF GERMAN SPIES

Government Officials Tell of Recent Discovery and Quick Action to Nip Plot.

Washington, Jan. 10.—Through intercepted communications and evidence found on a score or more of arrested aliens, government agents have discovered a concerted movement to reorganize German sabotage and antiwar propaganda in this country.

The movement was broken up and enemy activities now are believed confined to sporadic cases carried on largely by pro-German sympathizers without guidance from a central headquarters.

Over Thirty Arrested.

This was disclosed today by government officials, who declined, however, to give all the details surrounding a series of measures recently taken to prevent the rebuilding of a unified enemy system. It is known that about thirty Germans and a few Scandinavians have been arrested on suspicion of complicity in the new plot. The Germans have been interned and the Scandinavians sent out of the country. Some Americans are under suspicion and are being closely watched.

The evidence gathered in the roundup indicated that a few leaders, whose identity has not been disclosed but who are believed to be neutral subjects, tried to communicate with a number of agitators located mainly in eastern Europe, in industrial centers and in the extreme west, to develop co-operation among them.

Sabotage was to be conducted systematically, and propaganda for peace, or dissemination of pessimistic war reports, was to be stimulated under direction of a recognized leader. There were indications also that the headquarters was to gather bits of information from all parts of the country and forward it to Germany through a north European neutral by code communications carried by members of ship crews or other means.

Spies Are Self-Appointed.

Hundreds of self-appointed spies are now believed to be at work in the United States, but officials disclaim that they worry much about them. Fires and explosions which have occurred recently are said to be the work of individual cranks, probably pro-German in their sympathies, but without direction of a master organization.

Officials explained today that it was inexpedient to make public all facts connected with these discoveries, inasmuch as there still is danger of a reorganization of the spy system which was in operation when the United States entered the war.

ROANOKE OFFICIAL AND CIVIL WAR VETERAN DIES

He was about seventy-five years old, prominent in Confederate Veteran circles, a Mason of high rank, member of many fraternal orders and the Society of the Cincinnati. In the eighties he established one of the first newspapers published here.
